Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0	See the Common Medical Events chart below for your costs for services this plan covers
Are there services covered before you meet your deductible ?	Yes. Preventive services , network provider services , prescription drugs , emergency room care and vision services are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. Dental services - \$25/individual or \$50/family. There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$6,350/individual, \$12,700/family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance billing , penalties for failure to obtain preauthorization , dental or vision services (except those covered under major medical), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.anthem.com or call 1-833-664-2851 for a list of Blue Open Access POS network providers when seeking care in Georgia or BlueCard PPO network providers if seeking care in another state.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
