

Good News! Due to the high volume of last-minute Health Screenings and online Health Questionnaires, the Biometric Screening and Wellness Program Deadline has been extended. **You now have until December 15, 2021, to complete your Biometric Screening or the alternative online Health Questionnaire. Results must be received by the Fund Office by December 25, 2021.**

An online Health Questionnaire can be completed this year as an alternative to the screening. If you prefer to take the online Health Questionnaire, you will need to register online at: www.hmchwellness.com/ufcwatl. Once you log-in, click on “My HQ Report” from the homepage and then select “Take the HMC Health Questionnaire.”

If you do not complete a Biometric Screening **or** the alternative online Health Questionnaire by December 15, 2021 (with screening results received by the Fund Office by December 25, 2021), you cannot qualify for the Standard Level Enhancements to your 2022 benefit coverage.

FOR FULL DETAILS ON THIS YEAR’S PROGRAM GO TO: atlanta.ufcwemprfund.org then click on “Documents”

NOTE: The **Biometric Screening & Wellness Program** is for eligible employees only. While we encourage your dependents to obtain their routine preventive care, they do not need to complete a screening.
